Company Profile

Multitasking Corporation Ltd is a high & new technology enterprise. We are specialized in high quality LED components, LED displays products including research, development, production and marketing.

Experienced with many years of development, nowadays Multitaskin owns its factory workshop area about 8,000sqm, monthly capacity is 3,000sqm, number of employees more than 100. Company has the international first-class technology development talents and advanced production equipment, a comprehensive standardized management, product technology and quality is in the forefront between the similar products in domestic market. Also enjoy good reputation in the global market.

Multitasking Corporation Ltd products widely used in outdoor advertising, cultural and recreational activity, stadium, stage background. With its full color LED displays advantages, from the design, productions, installation to the maintenance, use of comprehensive integration solutions, effectively reduce the overall cost for customers, so as to create more value for customers.

Multitasking Corporation Ltd service team always uphold the core values of “Professional, Team, Integrity, Effectiveness, Communication” , provide professional, caring, attentive after-sales service for global customers. Nowadays,

Multitasking Corporation Ltds products selling to all over the world by virtue of high reliability and cost performance, earned thousands of customers, and also had built long term business relationship with the more than 90 countries' customers, like in USA, UK, Spain, France, Thailand, Mexico, Chile, Italy etc.

Multitasking Corporation Ltd with its reliable quality, excellent service and good faith strives for realism style, won the user's high praise from all walks of life.

Perimeter & Stadium LED Display

LED Perimeter Display Screen Features

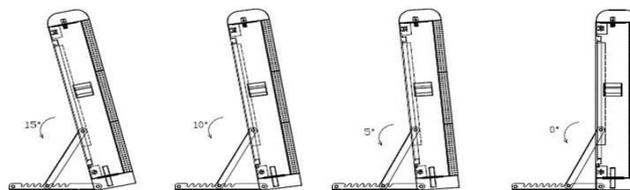

1- Convenient to install and disassemble

Our Sport LED Display cabinets feature simple designs, making them easy-to-install and disassemble. The cabinets include interlocks, as well as external signal and power sockets.

2- Adjustable inclination angle

Generally, the LED perimeter displays are placed vertically and the inclination angle is adjustable for the best possible viewing and cameras shooting angles.

3- Automatic backup system

Our LED Displays could utilize two computers to ensure interruption-free display of images and videos. For instance, if one unit was to shutdown due to technical issues, the other unit acts as a back-up solution automatically.

LED Advertising Player

Indoor

- Diversified Terminal Access, 3G, WIFI, and Fiber
- Large-scale Digital Advertising Network Supervised to One Distributing System For Unified Administration
- It can send video or pictures by intelligent terminal APP to realize intelligent interactive with Smart Advertising player
- Automatic Brightness and Temperature Adjustment Design by Monitor System
- With IP level 65, screen can be used outdoor even against bad weather
- High Brightness and Gorgeous Colorful Display of Pictures and Videos
- Super Thin Cabinet and Light Weight with Fashion Shape
- High Value Solution with Low Maintenance and Running Cost

Outdoor

1. WIFI, 3G/4G wireless control etc, achieving the synchronous and asynchronous control, achieving Large-scale cluster control and management, transmitting without distance limit. Intelligently response to the brightness of the outer environment and regulate the brightness automatically, temperature and humidity monitoring, more safety, energy saving and environmental protection
2. It can send video or pictures by intelligent terminal APP to realize intelligent interactive with Smart Advertising player
3. Integrated WIFI multimedia intelligent terminal, can be connected through intelligent terminal free WIFI, and push the advertising information to the intelligent terminal
4. High definition and high brightness, Lifelike images, gorgeous color
5. Two sides display, grand appearance, beautiful and special shape, achieving the individual design
6. Quick installation, simple operation, convenient maintenance, saving the cost greatly

Die-casting Magnesium Cabinet

480mm x 480mm Indoor and Outdoor

480mm x 480mm Indoor and Outdoor Fixed LED Cabinet

Item Number: 480x480-A

Quick Detail

Size: W480*H480*D76(mm)

Weight: 2.2kg

Module: P1.875, P2, P3, P4, P5, P6

Material: Magnesium alloy

Installation: Lifting, fixed installation

Use of the Environment: Indoor IP30 / Outdoor IP65

Included Accessories: Fast locks, handles, system/power installation plate, connection piece

Cabinet Color: Black, gold, silver

Door Color: Black, gold, silver, blue, orange and etc

512mm x 512mm Indoor and Outdoor

512mm x 512mm Indoor and Outdoor Fixed LED Cabinet

Item Number: 512x512-B

Quick Detail

Size: W512*H512*D70(mm)

Weight: 3.2kg

Module: P1.875, P4, P8, P16

Material: Magnesium alloy

Installation: Lifting, fixed installation

Use of the Environment: Indoor IP30 / Outdoor IP65

Included Accessories: Fast locks, handles, system/power installation plate, connection piece

Cabinet Color: Black, gold, silver

Door Color: Black, gold, silver, blue, orange and etc

512mm x 768mm Indoor and Outdoor

512mm x 768mm Indoor and Outdoor Fixed LED Cabinet

Item Number: 512x768-A

Quick Detail

Size: W512*768*D70(mm)

Weight: 4.3kg

Module: P4, P8, P16

Material: Magnesium alloy

Installation: Lifting, fixed installation

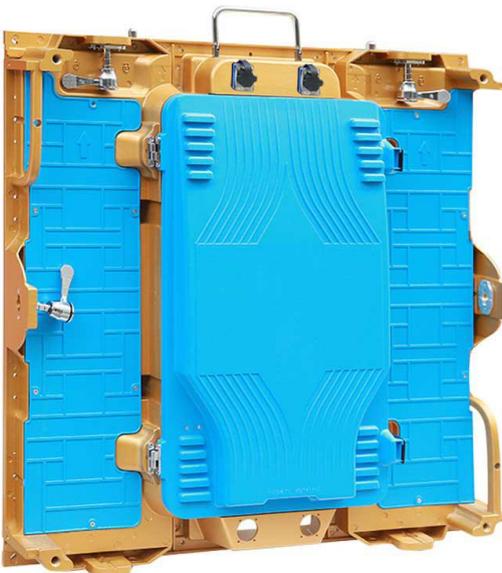

Use of the Environment: Indoor IP30 / Outdoor IP65

Included Accessories: Fast locks, handles, system/power installation plate, connection piece

Cabinet Color: Black, gold, silver

Door Color: Black, gold, silver, blue, orange and etc

576mm x 576mm Indoor and Outdoor

576mm x 576mm Indoor and Outdoor Fixed LED Cabinet

Item Number: 576x576-A

Quick Detail

Size: W576*H576*D75(mm)

Weight: 3.8kg

Module: P3, P4, P4.8, P6

Material: Magnesium alloy

Installation: Lifting, fixed installation

Use of the Environment: Indoor IP30 / Outdoor IP65

Included Accessories: Fast locks, handles, system/power installation plate, connection piece

Cabinet Color: Black, gold, silver

Door Color: Black, gold, silver, blue, orange and etc

Email:sales@multitaskelectronics.com

640mm x 640mm Indoor and Outdoor

640mm x 640mm Indoor and Outdoor Fixed LED Cabinet

Item Number: 640x640-A

Quick Detail

Size: W640*H640*D60(mm)

Weight: 4.5kg

Module: P2.5, P5, P6.67, P8, P10, P13.33

Material: Magnesium alloy

Installation: Lifting, fixed installation

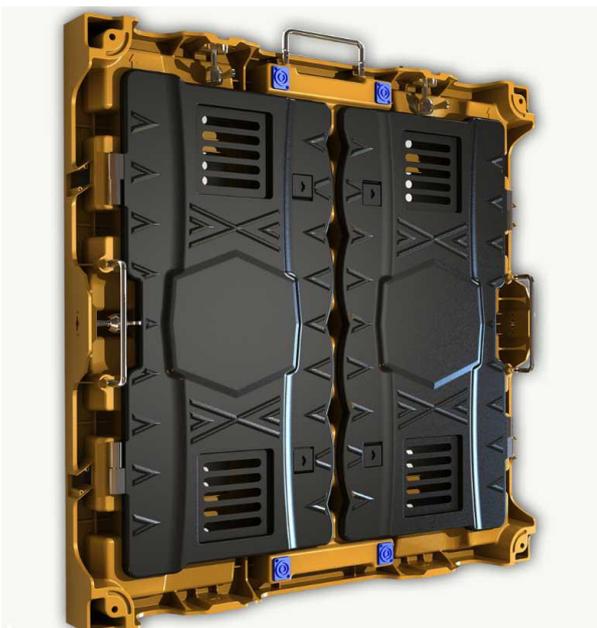

Use of the Environment: Indoor IP30 / Outdoor IP65

Included Accessories: Fast locks, handles, system/power installation plate, connection piece

Cabinet Color: Black, gold, silver

Door Color: Black, gold, silver, blue, orange and etc

768mm x 768mm Indoor and Outdoor

768mm x 768mm Indoor and Outdoor Fixed LED Cabinet

Item Number: 768x768-A

Quick Detail

Size: W768*H768*D70(mm)

Weight: 6.5kg

Module: P4, P8, P16

Material: Magnesium alloy

Installation: Lifting, fixed installation

Use of the Environment: Indoor IP30 / Outdoor IP65

Included Accessories: Fast locks, handles, system/power installation plate, connection piece

Cabinet Color: Black, gold, silver

Door Color: Black, gold, silver, blue, orange and etc

960mm x 960mm Indoor and Outdoor

960mm x 960mm Indoor and Outdoor Fixed LED Cabinet

Item Number: 960x960-A

Quick Detail

Size: W960*H960*D84(mm)

Weight: 9.2kg

Module: P5, P6.67, P8, P10, P13.33

Material: Magnesium alloy

Installation: Lifting, fixed installation

Use of the Environment: Indoor IP30 / Outdoor IP65

Included Accessories: Fast locks, handles, system/power installation plate, connection piece

Cabinet Color: Black, gold, silver

Door Color: Black, gold, silver, blue, orange and etc

1,024mm x 768mm Indoor and Outdoor

1,024mm x 768mm Indoor and Outdoor Fixed LED Cabinet

Item Number: 1,024x768

Quick Detail

Size: W1,024*H768*D85(mm)

Weight: 8.2kg

Module: P4, P8, P16

Material: Magnesium alloy

Installation: Lifting, fixed installation

Use of the Environment: Indoor IP30 / Outdoor IP65

Included Accessories: Fast locks, handles, system/power installation plate, connection piece

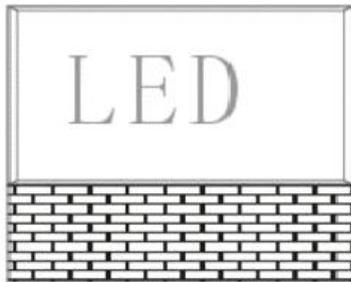

Cabinet Color: Black, gold, silver

Door Color: Black, gold, silver, blue, orange and etc

Installation Type Example

(A) Base Type

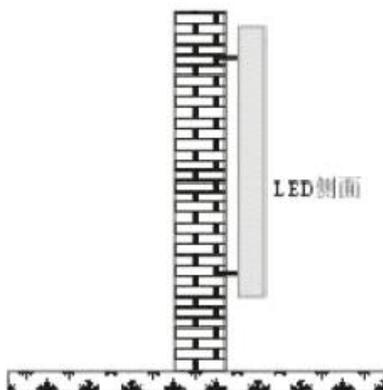

(B) Inlaid Type

(C) Hang Type

(D) Double Poles Support Type

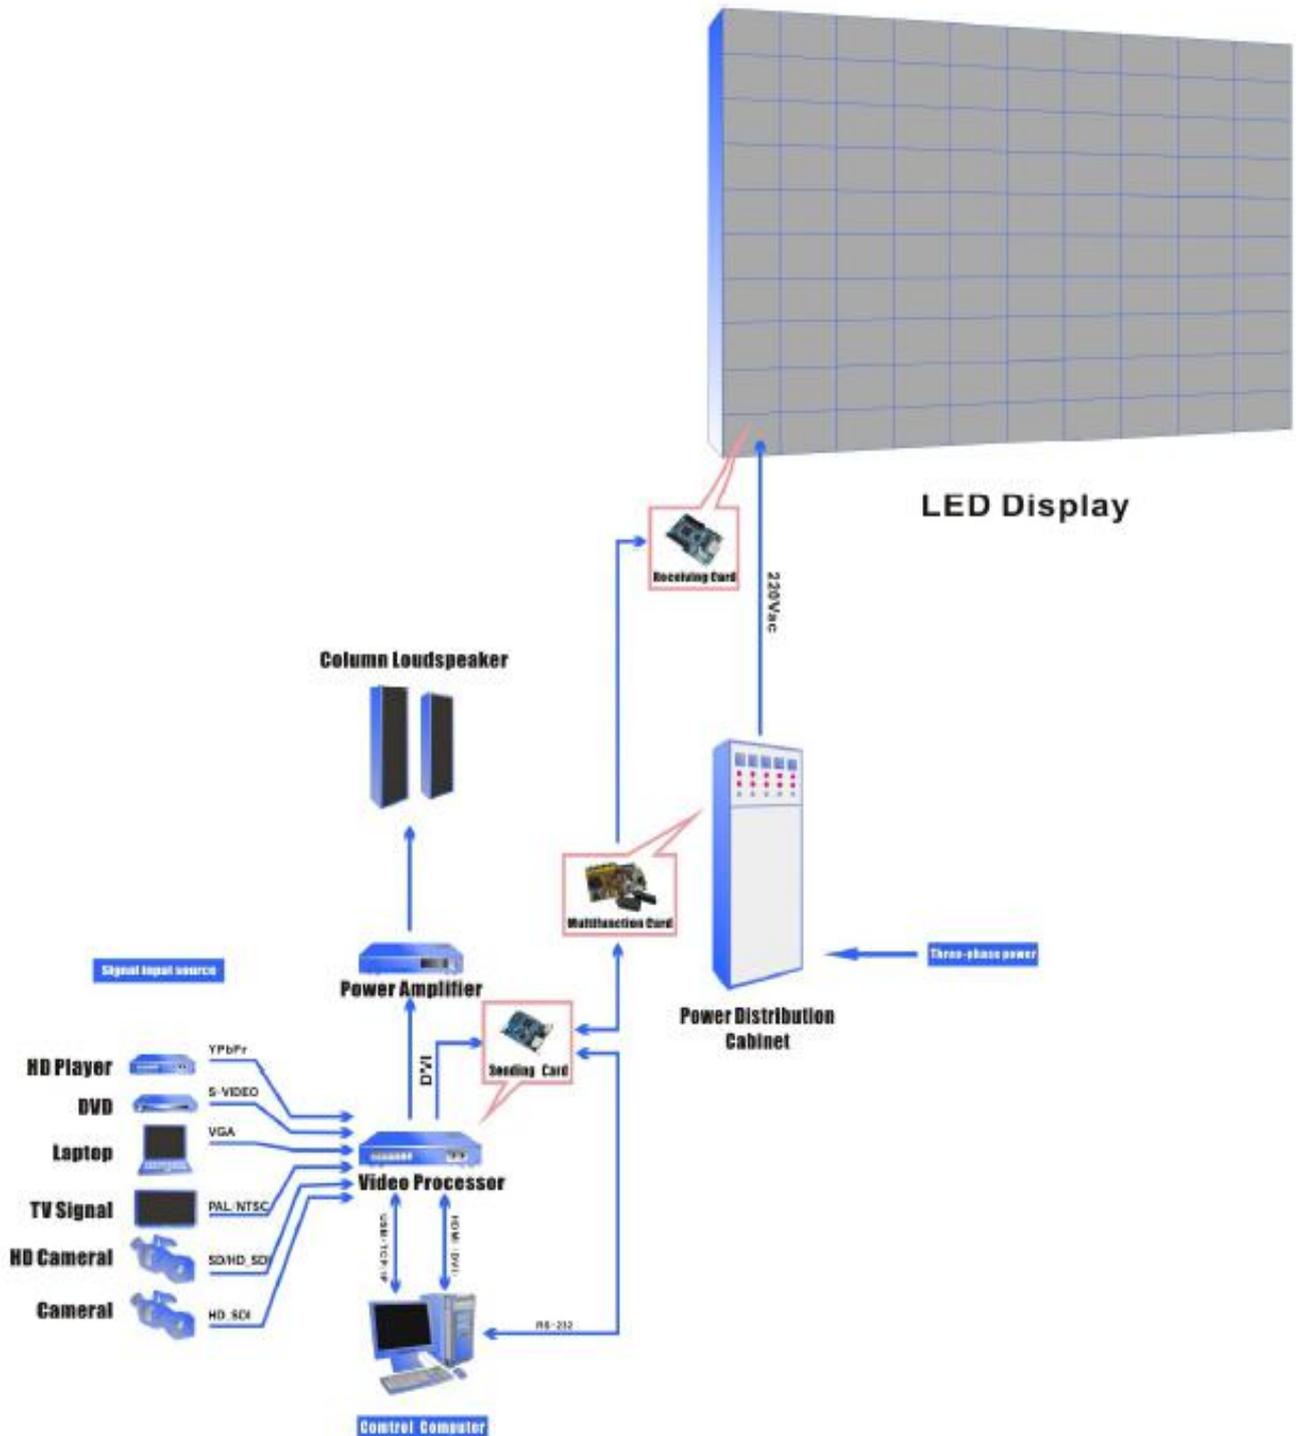

(E) Wall mounted Type

(F) Single Pole Support Type

Above six installation types are most common for outdoor LED display. Base, Inlaid, Hang, Double Poles Support are most common for indoor LED display.

Control Connection

Service System

Custom Training

We provide free training of LED system operation and maintenance. Our purpose is to make clients be able to operate LED system and find solutions to some simple technical problems. We can train 2 - 3 people for our clients.

Basic Training: Three days' workshop training of some basic skills of LED Screen System

- (1) PC Basic Knowledge
- (2) Windows Operation System
- (3) LED Displays Working Principle
- (4) General System Problems
- (5) System Daily Maintenance & Safety

Site Training: Three days' on - site training on purpose to get the Clients to know how to operate the LED screen system, how to deal with general problems. And how to install hardware and software:

- (1) Software Installation
- (2) LED Screen Daily Maintenance
- (3) Software Problem Treatment

Post - sale Service

1. Warranty

- (1) We provide warranty of all components for 2 full years. During this time, we will replace or repair our goods for free if there is something wrong with them.
- (2) We will provide maintenance for a lifetime and charge for the raw materials only.

2. Technology Training

- (1) We provide the technology training for free, which contains the operation training and maintenance training in the factory.
- (2) We will send our engineers to your country by negotiation.

3. Maintenance and Consultation

- (1) We provide full maintenance for a lifetime and charge for the raw materials only.
- (2) We also provide lifetime consultation by E-mail, Skype, WhatsApp or other ways for free.

4. Documents and Certification

- (1) We provide the operation manual, software, test report and so on.
- (2) We can also provide all kinds of certification such as CE, LVD, RoHS and so on.

5. CAD Drawing and Fixing

- (1) We provide CAD drawing on how to fix up the display for free and some other expert suggestion.
- (2) We will send our engineers to your place if we are expected after our negotiation.

6. Additional Service

We provide you the forwarding information, and some other information such as flight box, structure information for your reference for free.
