No Wiring …. No electricity!

Solar Garden Light With Mosquito Repellent

Features:

SensLights solar garden lights source chip from Senslights ,golden wire,BSOB wire bond.

Mon crystalline solar panel, we only use grade A solar.
Die casting aluminum, electrostatic spraying for salt spray proof.

Intelligent light control and timer control. The light switch on in the evening and switch off in the morning by detecting the day and night.
The lighting time and power is customizable.

More than 36H autonomy with lithium battery inside .100% safe. No explosion risk. Optional LiFipo battery

Easy installation. No trenching and cabling. Money saver.

Nobody does lighting quite the way SensLights does, which has championed the use of LEDs in everything from domestic bulbs to its versatile Hue smart lighting. Its solar lights are brighter than most rivals and come in various styles such as downward-facing posts, upward-facing lights and more industrial wall-mounters.

This wall light has a big solar panel on top, meaning you get more light for longer from the LED for a good six hours. It's simple to set up and has great build quality. You can also choose a version with a built-in motion sensor. Strong enough to easily see if that's an olive or a beetle in your salad.

Solar Garden Light With Mosquito Repellent

Technology Parameters :

1, Solar panel :2.2W
2, LED :53pcs ,500lumens (Netural led color : Pure white)   ,LED life span:+50000hrs
3, Charging Method : Solar power
4, Charging time :6-8hrs
5, Battery : 2200mah li-ion battery
6, Material : PC + aluminum shell
7, IP level : 65
8, With PIR motion sensor and light sensor
9,Working Temperature: -25℃ to 65℃

Product size: L155 *W 122 *H61mm
